

GWP consultants
earth & water resources

GWP Consultants LLP is an independent consultancy partnership working on projects in sustainable mineral, water and waste management in the UK and overseas. GWP is based in the Cotswold town of Charlbury, Oxfordshire and has the following vacancy.

**ENGINEERING GEOLOGIST/
GEOTECHNICAL ENGINEER**

GWP has a full time position for an engineering geologist or geotechnical engineer, working alongside a team of geologists, geotechnical and mining engineers and hydrogeologists. The successful applicant will liaise with Clients and will assist in organising and conducting site investigations, geotechnical assessments and CQA monitoring. Work will also include the analysis of data and technical reporting as well as quarry design work including the design of tips, lagoons and excavated soil and rock slopes and other matters related to the extractive and waste industries.

You may be a recent MSc graduate in Engineering Geology or Geotechnical Engineering and have up to 2 years' relevant experience. You should have at least a 2:1 BSc in Geology or Earth Science as a first degree, a good mathematics A level (or evidence of equivalent attainment at university level) and a high standard of written English. The role will require sound knowledge of PC based software, including Word, Excel and other Microsoft Office applications. You may also be required to use the Rocscience suite including RS² finite difference software, Holebase, LSS surface modelling, AutoCAD, BlastMetrix^{3D}, (for all of which, suitable training will be given).

The successful candidate will need to be self-motivated and able to work well both within a multi-disciplinary team and independently. A full UK driving licence is essential. The work will comprise both office and site work either at green field sites or active and abandoned quarries, surface mines, landfills or construction related excavations, within the UK and, on occasions, overseas. Over the last 5-6 years GWP's overseas work has included countries such as Thailand, Malaysia, Maldives, Mongolia, Hong Kong, UAE, Oman and the Pacific Islands.

Further information regarding GWP can be found on our website, www.gwp.uk.com.

GWP offers a competitive salary, health and dental insurance, pension contributions and 25 days annual leave.
