

GWP consultants
earth & water resources

GWP Consultants LLP is an independent consultancy partnership working on projects in sustainable mineral, water and waste management in the UK and overseas. GWP is based in the Cotswold town of Charlbury, Oxfordshire and has the following vacancy.

**EXPERIENCED ENGINEERING GEOLOGIST or
GEOTECHNICAL ENGINEER**

GWP has a full time position for an engineering geologist or geotechnical engineer who has 5 to 10 years of experience related to quarrying or open cast mining to join our team of geologists, geotechnical and mining engineers, surveyors and hydrogeologists. The successful applicant will be able to manage projects, liaise with Clients and work with and/or supervise other members of the team, organising and conducting site investigations, modelling, analysis and reporting.

The successful applicant should:

- be a Chartered Geologist and/or Chartered Engineer or be close to gaining Chartership;
- have a 2:1 or higher BSc degree in geology or earth science;
- have an MSc in Engineering Geology/Geotechnical Engineering or similar;
- be experienced in both soil and rock mechanics;
- be proficient in the use of the Microsoft Office Suite.

It would be advantageous if you are an experienced user of some of the following software (but relevant training will be given as necessary):

Rocscience suite incl. Dips, Slide, RocFall and RS², LSS DTM surface modelling, Holebase, Datamine, AutoCAD, ArcGIS, BlastMetrix^{3D}.

The role will include designing site investigations; undertaking geotechnical assessment of excavations, tips and lagoon sites; undertaking the geotechnical analysis required for a Regulation 33 Geotechnical Assessment Report (Quarries Regulations 1999); undertaking geotechnical design of tips, lagoons and excavated soil and rock slopes and other matters related to technical support for the extractive and waste industries.

A full UK driving licence and your own vehicle is essential. The work will involve both office and site work within the UK and, on occasions, overseas. Over the last 5-6 years GWP's overseas work has included countries such as Thailand, Malaysia, Maldives, Mongolia, Hong Kong, UAE, Oman and the Pacific Islands.

Further information regarding GWP can be found on our website, www.gwp.uk.com.

GWP offers a competitive salary, health and dental insurance, pension contributions into an auto-enrolment pension and 25 days annual leave.
