

GWP Consultants LLP is an independent consultancy partnership, located in Charlbury, Oxfordshire, originally formed in 1973, working in sustainable earth and water resources management in the UK and overseas.

## **GRADUATE OR EARLY CAREER ENGINEERING GEOLOGIST/GEOTECHNICAL ENGINEER**

GWP is seeking an enthusiastic and articulate engineering geologist who is keen to develop their professional skills and career. If you have an inquisitive nature and diligent work ethic we want to hear from you.

The successful applicant will:

- have a BSc, BEng (2:1 or higher) in Geology, Applied Geology, Engineering Geology or similar, and an MSc in Engineering Geology, Geotechnical Engineering or similar;
- be comfortable working in a team or on your own;
- at the commencement of employment, have the right to work in the UK.

It would be advantageous if you have:

- any type of work experience (prior to, during or after your post-graduate degree);
- had some exposure to both geological and geotechnical logging of soil and rock to BS5930;
- some experience with some of the following software (however training will be given as necessary), Rocscience programs, LSS DTM software, Holebase, AutoCAD, ArcGIS or QGIS.

You will be involved with a wide range of interesting projects, where your role could include undertaking desk studies, planning and supervising site investigations, CQA site supervision, scheduling laboratory testing, compiling and analysing test results, producing technical reports and accompanying experienced Geotechnical Engineers during Geotechnical Assessments in UK quarries. You will be given support and encouragement to develop your professional skills as you progress in your career.

A full UK driving licence and your own vehicle is essential. You will be based at our office in Charlbury, although after you have settled in, hybrid working is available. The work will comprise both office and site work, either at greenfield sites or active/dormant quarries, surface mines, landfill sites and construction-related excavations within the UK, and when opportunities arise, you may be involved overseas work.

Further information about GWP Consultants and the range of work that GWP undertake can be found on our website.

GWP offers a competitive salary and staff benefits package including a workplace pension scheme, private medical and dental plans, 25 days of annual leave plus bank holidays, access to our Employee Support Scheme, hybrid working and support for Continued Professional Development (CPD).
